

ADSL Service and Pricing

ORF-ICN has established an ADSL based data network for subcontractors and tenants on the DOE reservation. The current rates are:

One Time Charges

Circuit Installation	\$300
Per PC Workstation Setup	\$ 50

Monthly Charges

DSL Circuit	\$ 75
Per PC Workstation for DHCP addressing	\$ 20
Per PC Workstation for STATIC addressing	\$ 30

Each PC Workstation connected includes Internet access and if desired, email.

(Some users will need static IP addressing for use with various Virtual Private Networking (VPN) scenarios.)

To request ADSL service or other special circuits, please go to the Special Service Circuit Request Form. You may also contact a Network Engineer, at 574-8652 or Carl Metcalf, Central Office Manager, at 241-5301 to discuss your particular situation.
