

T1 Internet Access Service and Pricing

ORF-ICN has established a T1 based data network for subcontractors and tenants on the DOE reservation. The current rates are:

One Time Charges

Circuit Installation	\$1900
Per User Account Setup	\$ 50

Monthly Charges

T1 ISP Circuit	\$ 438
Per User Account for DHCP user	\$ 30
Per User Account for STATIC address	\$ 45

Call for bulk IP Addressing Price Quotes

User account includes Internet access and email (if desired).

Some users will need static IP addressing for use with various Virtual Private Networking (VPN) scenarios.

To request T1 service or other special circuits, please go to the Special Service Circuit Request Form. You may also contact a Network Engineer, at 574-8652 or Carl Metcalf, Special Service Manager, at 241-5301 to discuss your particular situation.
